1. INSERT

Insert The Golf Cradle™ golf club protector in the trunk of your car or SUV. Its weighted base and ridged bottom are designed to ensure it stays stationary even while driving over rough terrain

2. PLACE

Place the open end of your golf bag into The Golf Cradle. The arms automatically close, grasping your bag and securing it in place.

3. STRAP

Strap your bag and lock it in place. Straps secure the bag in place. The built-in buckle locks to keep your clubs stationary. The strap length is adjustable and fits ALL bags.

Protect. Play. Perform.
